

Dear Current, Past, and Rising Chief Residents in Radiology,

Welcome to the Spring 2019 edition of Aspire, the semi-annual newsletter of the American Alliance of Academic Chief Residents in Radiology (A³CR²). A³CR² is the

organization, under the Association of University Radiologists (AUR), dedicated to empowering chief residents to succeed in this important leadership role.

It is my honor to invite you to the 67th annual AUR meeting, being held April 9 - 12, 2019, in Baltimore, Maryland. Over the past several months, the steering committee, under the guidance of faculty advisor Dr. Peter Liu, has been hard at work putting together a fantastic program. Whether this is your first AUR or you have attended several, I think you will find tremendous opportunity for networking, leadership development, and collaboration with your peers.

The theme of this year's meeting is "Educating the Future." This year's Brogdon Panel features a great lineup of panelists who are sure to generate some exciting discussions during a session titled "Artificial Intelligence – Impact on Radiology Training and Education." Another not-to-miss session is this year's opening Plenary Session titled "Hidden Brain: The Unconscious Mind & Education" given by Shankar Vedantam, host of NPR's Hidden Brain.

The training track sessions will include tips for aspiring educators, preparing for your first year in practice, mentorship

and sponsorship, and conflict resolution, among others. As in prior years, we will have robust problem-solving sessions, one amongst A³CR² members and a following joint session with the Association of Program Directors in Radiology to tackle challenges facing chief residents. Potential topics include medical student recruitment to radiology, including increasing diversity, as well as strategies to maintain resident autonomy with increasing staff coverage.

We will be bringing back the popular ideas forum, which is a closed A3 session, to offer an opportunity for chief residents to talk candidly about issues at their programs and how other chiefs may be handling similar issues. Finally, be sure not to miss the rapid, case-based review sessions spread throughout the week, which are great for those approaching the core exam.

Of course, keep an eye out for the many planned social events including the welcome reception at the Maryland Science Center, A3 networking lunch, and the annual Beer and Pretzel reception. In the evening, catch a baseball game at nearby Oriol Park at Camden Yard, or check out the annual BGE Light Art Walk, a free large-scale light, music and innovation festival talking place during the week of the meeting.

On behalf of the A³CR² Executive Committee, I hope you can join us in Baltimore for what is sure to be a great week!

Casey A. Reed, MD
University of Cincinnati
A³CR² President

What's INSIDE

- 1 AC³R² President Welcome
- 2 On the Horizon & Welcome
- 3 Senior Faculty Mentor Update
- 4 AUR Awards & AC³R²
- 5 Gold and Outstanding Teacher Award Highlights
- 6 AC³R² Program Sneak Peak: Brogdon Panel & 2018 Chief Resident Survey
- 7 2019 AC³R² Preliminary Schedule
- 8 How to Become a Member & Reaching Out
- 9 Leadership Opportunities
- 10 2018-2019 A³CR² Steering Committee

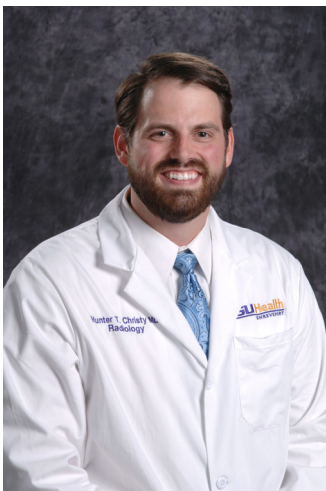

A³CR² MISSION
The American Alliance of Academic Chief Residents in Radiology is a robust community whose mission is to develop leadership skills in chief residents, to foster the collaboration of chief residents with one another and with the leaders of academic radiology, and to advance the interests of radiology residents in the affairs of organized medicine.

ON THE HORIZON

2019 Meeting and A³CR² Overview

The 2019 meeting of the American Alliance for Academic Chief Residents in Radiology (A³CR²) will be held at the Hilton Hotel in Baltimore, Maryland. The A³CR² is a professional organization affiliated with the AUR that fosters networking and collaboration between chief residents from academic institutions across the country. Our organization promotes the sharing of experiences, leadership, and development of professional networks. We are excited about the quality and timeliness of the program content including form of lectures, case series, panel talks, and group workshops. The overall meeting theme, "Educating the Future," will address ways to increase adaptability, navigate hardships, and make important advancements in the evolving field of radiology. Our keynote speaker, Dr. Shankar Vedantam, PhD will set the stage with a speech titled "Hidden Brain: The Unconscious Mind and Education." Dr. Louis Pangaro, MD will share his expertise as the AMSER Lucy Squire and APDR/ACR Keynote Lecturer discussing the future of medical education. The informative Brogdon Panel will discuss the popular topic of artificial intelligence and the impact on radiology with input from Eliot Siegel, MD, Paul Chang, MD, and Tessa Cook, MD. Additional lectures and discussions will focus on resident education models and ways to increase peer mentoring. Our A³CR² exclusive networking lunch, sponsored by the ACR, returns for opportunities to causally engage with radiologists across the country. The popular case review series, lead by nationally recognized radiologists in their respective fields, provides timely, practical clinical radiology education. We are very excited for this year's meeting and look forward to everyone's attendance and contributions. Sincerely,

Hunter T. Christy, MD and Zachary Berg, MD
LSU-HSC Shreveport University of Utah

Steering Committee

WELCOME FROM THE EXECUTIVE COMMITTEE

The Executive Committee eagerly invites you to attend and participate in the A³CR² program at the 2019 meeting of the AUR in Baltimore, Maryland! We encourage new chief residents to actively engage in the various leadership and networking opportunities that will be available. Looking forward to seeing everyone in Baltimore!

SENIOR FACULTY MENTOR UPDATE

I want to thank you for your interest in the American Alliance of Academic Chief Residents in Radiology (A³CR²), one of the affinity groups of the Association of University Radiologists (AUR). As a chief resident in a radiology training program, you are eligible for membership in the A³CR². The A³CR² includes radiology chief residents from across the country along with several faculty mentors from different training programs. This unique

grouping provides a great platform to network with your resident peer group, develop organizational leadership talent, and create future professional connections that can span your entire career.

One of the primary goals of the A³CR² is to create an engaging, content-rich program for the annual AUR meeting. This year's meeting will be at the Hilton Baltimore, from April 9 – 12, 2019 in Baltimore, MD. The 2019 meeting theme is "educating the future", which is a natural fit for the A³CR² mission and membership.

The A³CR² steering committee has done a wonderful job constructing the entire weeks' worth of programming, with an eye toward contemporary topics in resident education and leadership. There will be specific sessions on creating successful radiology educators, conflict mitigation, and how to translate into your first years of practice. Moderated and topically-themed by the A³CR², this year's Brogdon Panel will focus on the role of Artificial

Intelligence in the education and training of future radiologists. We are fortunate to have three true luminaries in the field of AI / informatics participating in the panel, including Eliot Siegel (University of Maryland), Paul Chang (University of Chicago), and Tessa Cook (University of Pennsylvania). Finally, several of the well-recognized A³CR² sessions from prior meetings have been reprised, including the idea forum which allows candid discussion of resident-centric topics between chief residents; the multi-group problem solving session where residents pair with program directors and chairs to discuss a specific training/education issue; and the popular case-review series with a mix of new and established speakers covering all areas of the radiology curriculum. I am certain the programming will provide ample thought-provoking discussion and future opportunity for all A³CR² members.

I'd like to also recognize the A³CR² faculty mentors for their help and guidance throughout the year, and their high energy at the annual meeting itself. These faculty come from a variety of educational programs across the country and are distinguished educators and leaders themselves, including several current / former program directors and prior chief residents. The roster includes: Matthew R. Hammer (UT-Southwestern), Darel E. Heitkamp (Florida Hospital), Ramesh S. Iyer (University of Washington), Tan-Lucien H. Mohammed (University of Florida), Charles S. Resnik (University of Maryland), Richard B. Ruchman (Monmouth Medical Center), and Shane A. Wells (University of Wisconsin).

I truly believe that the A³CR² is one of the most unique groups among all of the radiology professional societies – your ideas, questions, and enthusiasm make the A³CR² really fun and dynamic. I look forward to seeing you in Baltimore!

Sincerely,
Peter S. Liu MD
Senior Faculty Mentor, A³CR²
Cleveland Clinic

AUR AWARD WINNERS 2019

Congratulations! The award presentations will take place during the AUR Annual Meeting in Baltimore, MD, April 9-12, 2019.

AUR Gold Medal Awards

Jonathan S. Lewin, MD
Valerie P. Jackson, MD

APDR Achievement Awards

Janet E. Bailey, MD
Mark R. Robbin, MD

Paper

- 1st Place – Fatemeh Homayounieh, MD
- 2nd Place – Peter I. Kamel, MD
- 2nd Place – Arya Haj-Mirzaian, MD, MPH

Poster or Exhibit

- 1st Place – Meagan Chambers, MS, MSc
- 2nd Place – Timothy Iafe
- 3rd Place – Corey J. Hiti, MD

2019 AUR Gold Medal Award

Dr. Jonathan Lewin is a recipient of this year's AUR Gold Medal Award.

Dr. Lewin is from Emory University where he serves multiple roles including the Executive Vice President for Health Affairs, Emory University; Executive Director, Woodruff Health Sciences Center; and the President, CEO and Chairman of the Board, Emory Healthcare.

Before his appointment at Emory, Dr. Lewin served as the Martin Donner Professor and Chairman of the Russell H. Morgan Department of Radiology and Ra-

diological Science at Johns Hopkins University and the Radiologist-in-Chief at Johns Hopkins Hospital from 2004 until 2016.

Dr. Lewin has also served as the Director of the Division of Magnetic Resonance Imaging at University Hospitals of Cleveland and Professor and Vice Chairman for Research and Academic Affairs in the Department of Radiology at Case Western Reserve University, prior to his work at John Hopkins University.

Outside of his extensive leadership roles at multiple world renowned institutions, Dr. Lewin has been influential in the growth of interventional and intraoperative MR imaging with more than 200 peer-reviewed manuscripts and 60 book chapters, numerous reviews, commentaries and other invited papers. His research work has covered the basic sciences and clinical aspects of interventional MR imaging, functional MR imaging, head and neck imaging, MR angiography, and the imaging of acute stroke.

A leader, researcher and true pioneer, Dr. Lewin has helped invent more than 25 patents with multiple NIH and other federal and state grants awarded over 10 million dollars.

Please join us in congratulating Dr. Jonathan Lewin on this well-earned award.

David Theriot, MD
Secretary
A³CR² Executive Committee
Emory University

Award Highlights

2019 AUR Outstanding Teacher Award

Dr. Suyash Mohan is the recipient of the AUR Gold Medal Award for 2019.

Dr. Mohan is from the University of Pennsylvania where he serves as an Assistant Professor of neuroradiology. In addition to his clinical work, he has published over 92 peer-reviewed articles, numerous

book chapters, over 190 abstracts in national and international meetings, and has delivered over 200 lectures locally, nationally, and internationally. Additionally, he has been recognized for his excellence in teaching, having won the Wallace T. Miller Teaching Award for Teaching Excellence in 2013 and the 'Teaching Award' for Excellence in Teaching at the University of Pennsylvania in 2015.

Please join us in congratulating Dr. Mohan as a recipient of the 2019 AUR Outstanding Teacher Award.

Jessica Pelz, MD

University of Nebraska Medical Center

SNEAK PEAK - A³CR² PROGRAM FEATURES

BROGDON PANEL HIGHLIGHTS

This year's Brogdon Panel will center around the topic of Artificial Intelligence and its impact on radiology education. Goals of the panel discussion include:

1. Provide an introduction to the basics of AI and how it is currently being used.
2. Describe how AI will impact radiology education, both ways it will enhance education and pitfalls to avoid.
3. Explain how AI will influence practice after residency, including future predictions on how it will grow and further manifest in the coming year.
4. Offer advice on how to get involved in AI education and research projects.

BROGDON PANEL SPEAKERS

Dr. Eliot Siegel, MD is Professor and Associate Vice Chair of Radiology and Nuclear Medicine at University of Maryland, and fellowship director of Informatics at the University of Maryland. He has devoted most of his career to studying and implementing current radiology informatics, with an emphasis on PACS and digital imaging.

Dr. Tessa Cook, MD PhD is an Assistant Professor of Radiology at the University of Pennsylvania, and the chief of 3-D and Advanced Imaging. She is the fellowship director for Imaging Informatics and the director of the Center for Translational Imaging Informatics. She is actively involved in research and particularly invested in how it effects education and training.

Please join us for this year's Brogdon Panel discussion

CHIEF RESIDENT SURVEY RESULTS

Since 1971, the chief residents at the Mallinckrodt Institute of Radiology have conducted a survey of radiology chief residents across the country on behalf of A3CR2 to obtain data regarding resident and chief resident benefits, board testing and preparation methods, call structures, fellowship trends, and other items pertaining to radiology resident training. In recent years, this has also included questions on the integration of interventional radiology training with the traditional diagnostic radiology residency. New this year are questions pertaining to maternity and paternity leave and the use of social media in radiology. We look forward to sharing the results at the 2019 AUR meeting in Baltimore.

Danielle Summers, MD
Survey Committee Chair
Mallinckrodt Institute of Radiology
Andrew Wallace, MD
Survey Committee Chair
Mallinckrodt Institute of Radiology

2019 A³CR² PRELIMINARY SCHEDULE

67th Annual Meeting, April 9-12, 2019

Hilton Baltimore in Baltimore, MD

“Educating the Future”

Tuesday, April 9, 2019

- 7:30 am – 8:00 am Chief Resident Welcome and Annual Survey Results
- 8:00 am – 9:30 am AUR Plenary, Welcome and Keynote:
Hidden Brain: The Unconscious Mind &
Education Speaker: Shankar Vedantam, PhD
- 10:00 am – 10:30 am Tips for Aspiring Educators – A Resident’s Guide
- 10:30 am – 11:30 am Case Review: Head and Neck Radiology
- 11:00 am – 11:30 am First Year in Practice – Setting Yourself Up for Success
- 12:00 am – 1:00 pm A³CR² Networking Lunch (A³CR² Members Only)
(Supported by the American College of Radiology)
- 1:00 pm – 2:30 pm ABR Update
- 1:30 pm – 2:30 pm ACR Update for Residents
- 3:00 pm – 3:30 pm Case Review: Cardiac Imaging
- 3:00 pm – 4:30 pm Idea Forum (A³CR² members only)
- 3:00 pm – 4:30 pm Creative Teaching Techniques
- 4:30 pm – 5:30 pm Case Review: Vascular and Interventional Radiology
- 6:30 pm – 8:30 pm AUR Welcome Reception

Wednesday, April 10, 2019

- 7:00 am – 8:00 am Poster Discussion Session
- 12:45 pm – 1:45 pm Vydareny Imaging Interpretation Competition
(Supported by the RSNA)
- 2:00 pm – 2:30 pm Conflict Resolution – For Training and Beyond
- 2:00 pm – 3:30 pm Practical tips for Succeeding as a Clinician-Educator
- 2:30 pm – 3:00 pm Case Review: Ultrasound
- 3:00 pm – 3:30 pm Case Review: Neuroradiology
- 4:00 pm – 4:30 pm Case Review: Physics
- 4:00 pm – 5:30 pm Hot Topics in Radiology Residency Training
- 5:30 pm – 6:30 pm Beer & Pretzels Reception
(Supported by APDR, RSNA and SCARD)

Thursday, April 11, 2019

- 7:00 am – 8:00 am Poster Discussion Session
- 8:00 am – 8:30 am Case Review: Nuclear Medicine
- 8:30 am – 9:30 am Partnering with the ACR – Residency and Beyond
- 10:00 am – 11:30 am Brogdon Panel: Artificial Intelligence:
Impact on Radiology Training and Education
- 12:00 pm – 1:00 pm Luncheon & AUR Awards Ceremony
- 3:00 pm – 4:30 pm Problem Solving for Residents, PDs, Coordinators and Chairs
- 4:30 pm – 5:00 pm A³CR² Business Meeting and Elections

Friday, April 12, 2019

- 8:00 am – 8:30 am Case Review: Thoracic Imaging
- 8:30 am – 9:00 am Case Review: Pediatric Imaging
- 10:00 am – 11:00 am Helpful Tips for the Successful Educator
- 11:00 am – 11:30 am Case Review: Musculoskeletal Imaging
- 1:00 pm – 1:30 pm Case Review: Breast Imaging
- 1:30 pm – 2:00 pm Case Review: Genitourinary Imaging
- 1:30 pm – 3:00 pm Succession Planning: Vignettes of Transition
- 2:00 pm – 2:30 pm Case Review: Gastrointestinal Imaging
- 6:00 pm – 9:00 pm Annual Banquet Cocktail Reception, Banquet, Awards Ceremony

HOW TO BECOME A MEMBER

A³CR² membership is available to all current and former radiology chief residents. We encourage all to take advantage of this rewarding opportunity to participate in a network of our peers. To join, simply fill out the application posted on the AUR website (www.aur.org/A³CR²/membership/) and pay the \$75 membership fee.

David Theriot, MD
Secretary
A³CR² Executive Committee
Emory University

Note that AUR membership is also required to join A³CR².

We encourage everyone to pay their dues before attending the A³CR² program at AUR 2019.

AUR American Alliance of Academic Chief Residents in Radiology (A³CR²)
2017-2018 Membership Application and Biographical Data Form

Name in Full: _____ Degree: _____
Dept./Institution: _____
Address: _____ Birth (mm/dd/yyyy): _____
City, State, Zip: _____
Office Phone: _____ E-mail Address: _____
PREFERRED ADDRESS FOR CORRESPONDENCE AND JOURNAL (if different from above):
Address: _____ City, State, Zip: _____

Medical School: _____ (Place) _____ (Graduation Year)
Internship: _____ (Place) _____ (Dates)
Residency: _____ (Place) _____ (Dates - include completion date)

Membership in the AUR is required in order to participate in A³CR². Please submit A³CR² fee and AUR membership dues payment with application. If you are unsure of your AUR membership status, contact the AUR Office.

Full Year Membership \$135
July 1, 2017 through June 30, 2018
(AUR Dues \$60 and A³CR² Fee \$75)

Partial Year Membership \$105*
January 1, 2018 through June 30, 2018
(AUR Dues \$30 and A³CR² Fee \$75)

_____ I am currently a chief resident. *New Members Only
_____ I am a former chief resident.

Representation at Intersociety Meetings

The AMA is the largest association of physicians in the United States. The principal vision for the AMA is to enhance the delivery of care and enable physicians and health teams to partner with patients to achieve better health. Radiologist attendance and participation in the AMA remains vital to the field of radiology moving forward. Continued efforts to work hand-in-hand with our physician colleagues is an essential part of our continued success. Being able to hear the surgeon general speak was of note during this year's meeting. Public health topics like the opioid crisis and gun violence were the banner talking points during the house of delegates sessions. I am confident in the future success of the AMA particularly with radiology being represented by senior physicians like newly elected AMA trustee Scott Ferguson and AMA resident fellow section vice chair Gunjan Malhotra.

As liaison to the American Medical Association -Resident Fellow section from the A³CR², I was tasked with acting on behalf of radiology residents from across the country at the biannual AMA meeting in Chicago in June of 2018. I served as a member of the resident fellow section caucus and listened to active debate regarding service of the underserved, medicine and gun violence and resident's role in the opioid crisis. I represented the A³CR² to the best of my abilities during the meeting; it was an honor to be a part of such an experience and to represent the AUR and A³CR² to promote providing the highest quality care for all patients that physicians across the country serve.

Patrick Couture, MD
AMA Liaison
Vanderbilt University

Now up and running -
A³CR² Facebook page
(www.facebook.com/A3CR2)

Use it as a medium to communicate with fellow A³CR² members and as a source to follow updates regarding A³CR². AUR and RSNA meeting specific updates will be posted here as well.

LEADERSHIP OPPORTUNITIES

The Elections Committee is pleased to announce open elections for the 2019-2020 A³CR² Executive and Steering Committee to be held at the 2019 AUR meeting in Baltimore.

Elections Process

Those A³CR² members who are interested in taking on extra responsibility are encouraged to run for positions within the Executive and Steering Committees. Executive Committee positions will be chosen first, consisting of a President, Vice President, Secretary, and Treasurer. The Steering Committee Chair and Membership positions will then be filled, with the roles and responsibilities as listed below. The winners of the election process for both the Executive and Steering Committees will be decided through a card draw. Full details will be announced during the A³CR² Business and Elections Meeting on Thursday, April 11th at 4:30 - 5:00 pm.

Steering Committee Chairs

Program Committee Chair

Organizes the annual A³CR² program in coordination with the executive committee and senior faculty advisor

Membership Committee Chair

Oversees chief resident membership, meeting attendance, and dues collection
Maintains a current address list of the members of A³CR²

Publications Committee Chair

Assembles and publishes the biannual A³CR² newsletter

Electronic Communications Committee Chair

Maintains the A³CR² website and considers ways to improve traffic to the website by improving content
Manages social media resources to promote A³CR² networking opportunities

Offices of the Executive Committee

President

Responsible for coordinating efforts of the executive and steering committee with the goal of advancing the Alliance

Vice President

Assists President with planning annual AUR meeting and leads education and outreach efforts

Secretary

Keeps a record of the meeting proceedings and conference calls
Serves as Chair of Publications Committee, responsible for creating the biannual newsletter

Treasurer

Acts as principal accounting and financial officer while supervising the fiscal affairs of A³CR²

Immediate Past President

Rules Committee Chair

Maintains and updates the A³CR² bylaws

Awards Committee Chair

Responsible for soliciting nominations and selecting (in association with the executive committee) A³CR² award winners

Elections Committee Chair

Informs potential candidates of the available offices and responsibilities prior to AUR meeting
Organizes elections of A³CR² executive committee and steering committee chairs

Survey Committee Chair

Creates and distributes annual chief resident survey; analyzes and presents the results at the AUR meeting
Currently exclusively maintained by Chief Residents of Washington University, St. Louis

ABR Liaison

ACR Liaison

APDR Liaison
