

## Across

- 2 Esophagram drink
- 3 Father of CT (and its attenuation units)
- 5 Campaign for radiation safety in pediatric imaging
- 8 X-ray, gamma ray
- 9 Ultrasound - fast flow/ slow flow/ any flow?
- 10 LLQ pain, findings on CT
- 11 "Hot sugar" - glucose analogue in PET scanning
- 12 B-HCG 5000, "empty" endometrium on ultrasound
- 14 Ultrasound technique - ovaries and adnexae
- 16 Imaging modality: electromagnetic waves but NO radiation

## Down

- 1 MRI Contrast
- 4 Annual \_\_\_\_\_ mammogram = NO symptoms
- 6 + Psoas sign, findings on CT
- 7 What IV contrast shows (normal or pathological)
- 13 Dr. Roentgen
- 15 The "A" in CAT scan
